GERMANS CAPTURE NAMUR FORTS AND DEFEAT ALLIES WHO ARE BEING DRIVEN BACK STEADILY WITH GREAT LOSS

UNEASINESS IS FELT IN LONDON

NEWSPAPERS ADMIT THAT NEWS TODAY IS DECIDEDLY BAD FOR ALLIES

FALL OF NAMUR SURPRISES

Quick Capture By Germans Indicates Feeling Adverse to Allies Among Belgians

By Associated Press.

London, Aug. 25.—It is announced officially that Namur, capital of the province of Namur, 34 miles southeast of Brussels and strongly fortified has fallen before the Germans.

Commenting on the fall of Namur, the military expert of the Times says it is one of those inexplicable events which makes war the gamble that it is. That Namur has fallen in two days will require a deal of explanation, the Times adds.

The Times military expert says it is too early to say that the line of the Muese south of Mexires must be abandoned but the outlook is not foxorable, and the development of the situation in the next few days will be watched with legitimate anxiety. He continues:

Feeling Among Belgians.

"There are reports that the townspeople and even the garrison of Namur were less well disposed than the men of Liege to offer strenuous resistance and so bring upon the town the punishment meted out by the Germans to Liege.

"There is some slight feeling among Belgians that they have not been adequately supported by the allies."

"The possession of Namur was vital for Germany and it was a fine stroke for the Germans to have rushed the place under the eyes of the allied armies.

Paralyzing Blow Necessary.

Reviewing the general situation he points out the allies in Belgium are meeting the bulk of the German army. He says that it is essential for Germany that she should deal a paralyzing blow in this quarter in order to gain time to detach troops to resist the Russians on the frontier of Prussia.

Commenting on the situation the Chronicle says: "The news today is decidedly bad," adding that if the allies losses have been heavy "we may yet see the Germans march in earnest for Paris."

COLQUITT SAYS WILL LEAVE PRISONS SELF SUSTAINING

By Associated Press.

Austin, Texas, Aug. 25.—Gov. Colquitt says he expects to leave the State penitentiary system on a self sustaining basis at the expiration of his term of office next January. The system has been losing approximately $750,000 annually. The governor's assertion is based on a report from Sidney J. Russ, member of the penitentiary commission in direct charge of the operation of the ten state farm, that operating expenses for seven months ending July 31, 1914 were $308.961, a decrease of $131,365 from the same period of 1913.

VALORIZATION PLAN IS OPPOSED BY M'ADOO

By Associated Press.

Washington, Aug. 25.—Secretary McAdoo emphatically declared against the plan for the valorization of crops because of the European war at today's conference with the cotton and tobacco growers. He appealed to the conference to get down to a practical basis. He said that it was folly to discuss the issue of currency by state banks and "it is a waste of time to talk about it. Enough National bank currency is authorized by present laws to handle the cotton and all other crops in the country."

U. S. NEUTRAL IN JAPAN-GERMANY WAR.

Washington, Aug. 25.—President Wilson today issued a proclamation declaring the U. S. neutral in the war between Germany and Japan.

ZEPPELIN DROPS BOMBS IN ANTWERP

ONE FELL WITHIN 30 YARDS OF PALACE OF KING ALBERT; 7 KILLED

AIR CRAFT BROUGHT DOWN

Belgian Artillery Stop Havoc of German Bomb Droppers—Crew of Sixteen Captured

By Associated Press

London, Aug. 25.—A correspondent at Ostend of the Evening News telegraphs that a Zeppelin airship which flew over Antwerp last night was brought down by Belgian artillery at Hexheim, six miles outside of Antwerp. The crew of sixteen men were taken prisoners.

Another dispatch from Antwerp says that the Zeppelin before it was brought to earth succeeded in dropping seven or eight bombs into Antwerp. One of the houses wrecked was only thirty yards from the palace of King Albert. Seven persons were killed and six seriously injured by the explosion. Some other houses were half demolished by the falling bombs. One bomb partly wrecked a hospital. The bombs almost threw the inhabitants of Antwerp into a panic. There is intense indignation in Antwerp on the attack upon the hospital which was flying a Red Cross flag.

FIGHTING REPORTED IN OUTSKIRTS OF OSTEND

By Associated Press

London, Aug 25.—A dispatch from Ostend to the Evening News says there is fierce fighting between the Belgian gendarme and the German cavalry in the outskirts of the city. The wounded are being brought in.

The dispatch states that the encounter was between a detachment of German cavalry and 200 gendarmes. It appears that the gendarmes, early in the morning, while on their way from Simes Kirk to Ostend, came into contact with the guards in the vicinity of Lefling, some three miles from Ostend. After a fierce fight the Germans were driven back with the loss of several men and an officer wounded while the Gendarmes lost three killed and several wounded.

COURT MARTIAL ACQUITS 21 LUDLOW DEFENDANTS

Members of National Guard Charged With Murder For Deaths at Ludlow Set Free

By Associated Press

Denver, Aug. 25.—The finding of the court martial which tried twenty-one officers and men of the National Guard of Colorado on charges growing out of the Ludlow battle of April 20 were made public here today. All the defendants were acquitted.

GERMAN VICTORIES TOLD IN WIRELESS DISPATCHES

German Embassy at Washington Officially Advised of Successes Against Allies

By Associated Press

Washington, Aug. 25—A wireless dispatch from the foreign office in Berlin to the German embassy at Washington records a severe defeat of the French troops by the Germans in a battle which raged from August 17 to 21 and in the course of which more than 150 field guns and 10,000 prisoners were captured.

It says Luneville was taken by the Germans and that the lines of General Joffre, the French commander in chief, was broken up making possible a concentric advance of the Germans toward Paris.

The wireless dispatch adds that the Duke of Wuertemberg at the head of a German army marching through Belgium has completely crushed the advancing French and captured many guns, flags and prisoners among whom were several generals, while another German column defeated English cavalry bridge to the west of the Muese.

WEATHER FORECAST

Unsettled tonight and Wednesday; probably local thunder showers.

BERLIN ANNOUNCEMENT CAPTURE OF NAMUR

By Associated Press.

Berlin, Aug. 25—By wireless to the Associated Press, by way of Nauen, Germany and Sayville, L. I.—An official announcement made public here today says that the city of Naumur and five of its forts have been captured by the Germans. The bombardment of the four other forts continues.

STEAMER STOPPED AT ENTRANCE NEW YORK HARBOR

New York, Aug 25—A tramp steamer, believed to be flying the Austrian flag was temporarily held up shortly after 11 o'clock by a cruiser believed to be the British cruiser, Essex, just outside New York harbor. After laying to for an hour the steamer proceeded on her way to New York. Her name and nationality could not be observed. The British cruiser headed out to sea.

SERVIAN TERRITORY IS CLEARED OF AUSTRIANS

By Associated Press.

Nish, Servia, Aug. 25.—Servian troops occupied Sabca at four o'clock in the afternoon of Monday, August 24, according to an official announcement made here today. The Austrians have been thrown back on the other bank of the river Save and every bit of Servian territory has been cleared of the enemy.

ALLIES SEEKING COVER OF FRENCH FORTIFICATIONS

Rapid Advance Of Russians In Russia And Destruction Of Austrian Fortress Reported

Namur, the Belgian fortress, has fallen into German hands according to an announcement made by the official press bureau in London. Details of the fighting around the fortress were not given out. The English newspaper regard the fall of the fortress as an important German victory. Berlin dispatches say five of the forts of Namur and the city itself have fallen and the capture of the remaining four forts is imminent.

A reverse to the forces of the allies is generally admitted by the English and French newspapers which say today "The news is decidedly bad." While calmly expressing disappointment they declare the retrograde movement toward the lines of strongly defensive forts near the frontier has been carried out in good order.

It is assumed the allies are falling back to the first line of defensive fortifications running by of Mauburg in a southerly direction by way of Hiron, Mezzierers, Verdun, Toul and Apinal, all of which are strong fortresses and are interspersed with smaller works such as Ayeville, Jebicourt, Troyon, Gironville and Joy-Fous-Les- Coutef. Behind these lies another strong line of fortifications from St. Quertain in the north through Loan and Reims to the great entrenched camp at Chalons.

The English and French newspapers declare that both the English and Russians are determined to fight to a finish "whatever the outlook may be at present." They say the possession of Namur was vital for Germany and it was a fine stroke for the Germans to have rushed the place under the eyes of the allied armies.

In other parts of Belgium fighting still is in progress and a report from Ostend says 30,000 Germans have attacked Malines, thirteen miles from Antwerp. Charleroi has also been the scene of hot fighting, this time between the French and German troops, and a fresh encounter is believed to have begun there today.

Twenty-five thousand Germans have been surrounded between Courti and Absegam, according to an Ostend dispatch.

Russian reports relate to the advance of the Russian armies in eastern Prussia and the surprisingly rapid advance of their army into Prussia. Russian officials, however, caution against feeling too great elation pointing out that the German territory about the Vistula is strongly fortified along the line of the Russian advance.

Dispatches from the Servian provisional capital Nish record the victorious offensive movement of the Servians and Montenegrins against the Austrians, who are said to have suffered very severely.

A German dirigible balloon which had flown over Antwerp yesterday was brought down by the Belgian artillery and fifteen of the occupants taken prisoners, according to a newspaper dispatch from that place. Another telegram says bombs dropped from the balloon caused several deaths and one of the bombs struck a hospital but exploded without killing any of the occupants.

Unconfirmed reports have reached London that the Austrian fortified naval base of Catarro, Dalmatia, has been reduced by the French and English fleets.

GERMAN TERRITORY ABANDONED BY FRENCH

Paris, Aug. 25.—The French war office issued the following announcement last night:

"The French and English, the plan of attack having failed, owing to unforeseen difficulties, have retired on the covering positions.

"West of the Meuse the English army on our left was attacked by the Germans, but behaved admirably, holding its ground with traditional steadfastness.

"The French assumed the offensive with two army corps. An African brigade in the frone line carried away by their eagerness, were received by a murderous fire. They did not give an inch, but counter-attacked by the Prussian guard, were obliged to retire, only, however, after inflicting enormous losses. The Prussian guard suffered especially heavy.

"East of the Meuse our troops advanced across an extremely difficult country and made a vigorous attack when they emerged from the woods, but were obliged to fall back after a stiff fight south of the River Semois.

"On order of Gen. Joffre our troops and the British troops withdrew to the covering positions. Our troops are intact, our cavalry has in no way suffered and our artillery has affirmed its superiority. Our officers and soldiers are in the best of condition morally and physically.

"As a result of the orders which have been issued the aspect of the struggle will change for a few days. The French army will remain for a time on the defensive, but at the right moment, to be decided upon by the commander in chief, it will resume a vigorous offensive.

"Our losses are heavy; it would be premature to enumerate those of the Germans, who suffered so heavily they were obliged to abandon their counter-attacks and establish themselves in fresh positions in Lorraine.

"We delivered four attacks from our position to the north of Nancy, inflicting very heavy loss to the enemy.

"In regard to the general situation we have the full use of our railroads and retain command of the seas. Our operations have enabled the Russians to come into action and penetrate the heart of West Prussia. It is to be regretted that the offensive operations planned failed to achieve their purpose, as a result of difficulties impossible to foresee. It would have shortened the war, but our defenses remain intact in the presence of an already weakened enemy.

"Every Frenchman will deplore the temporary abandonment of portions of Alsace and Lorraine which we had occupied and certain parts of the national territory will suffer from events of which they will be the theatre.

"The ordeal is inevitable but temporary. Thus detachments of German cavalry belonging to an unattached division operating on the extreme right have penetrated to Roubad (six miles north of Lille) and the Tourcoing district, which are defended only by territorial reservists.

"Our valiant people will know how to find courage to support this trial with unfailing faith in final success, which is not to be doubted. In telling to the country the whole truth the government and military authorities give it the strongest proof of their absolute confidence in victory, which depends only on our perseverance and tenacity."

Fort Worth—Beginning this week work will be rapidly rushed to completion on the new terminal facilities of the Cotton Belt railroad in this city.

DEFER ACTION ON WAREHOUSE PLAN

CHAMBER OF COMMERCE WILL AWAIT LEGISLATION ON SUBJECT

CITY ABATTOIR IS URGED

State Official Presents to Directors the Many Advantages of Municipal Slaughter House

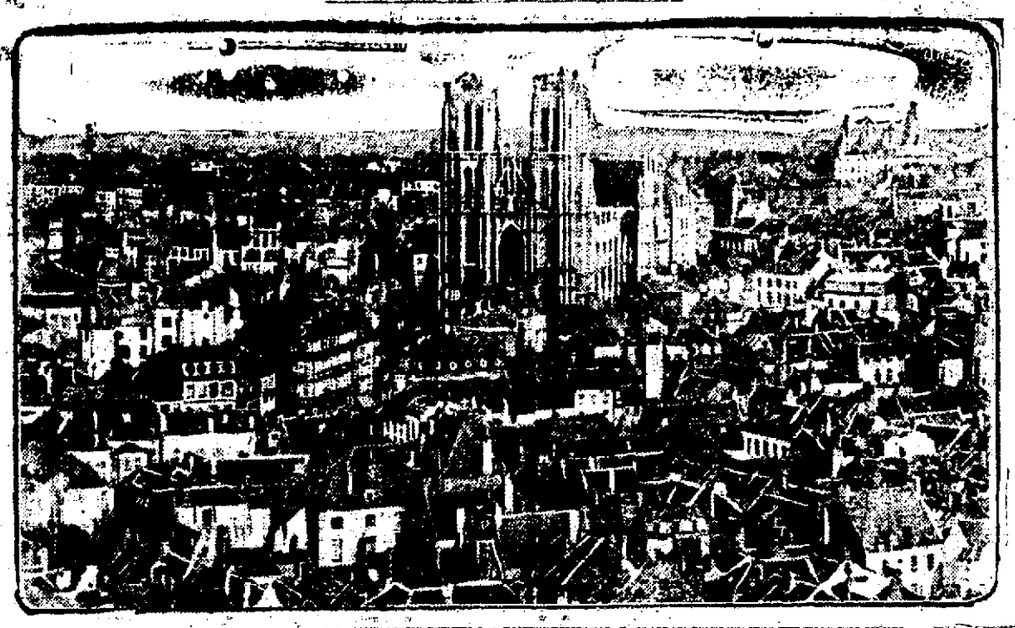
At the regular meeting of the Chamber of Commerce this morning the committee appointed at the last meeting to devise a plan for warehousing cotton reported that it had had some correspondence in the matter and had secured a number of plans for buildings, etc., but that it had taken no action for the reason that it was thought best to wait and see what, if any, action the legislature would take in the matter. The committee felt that this would be the better plan in view of the fact that the State would probably make arrangements for financing the crop as well as warehousing it.

A request was received from the governor's office asking that the Chamber of Commerce send $500 as its contribution to the building of a Texas building at the Panama Exposition. Director Henderson was authorized to forward $200 previously appropriated for that purpose.

E. H. Golaz, chemist and assistant in the food and drug department of the state, addressed the directors on the value of a municipal abattoir and asked that the body use every effort to promote the plan.

Directors present at the meeting were: Messrs. Noble, Boyd, Ward, Hardy, Huey, Carrigan, Bridwell, Henderson and President Huff.

BIRDSEYE VIEW OF BRUSSELS, BELGIUM, WHICH HAS BEEN CAPTURED BY GERMANS



COUNTRIES LOOK TO U. S. FOR SUSTENANCE

Russia Alone of All the Contenders Raises a Surplus of Food Products

The apparent ease with which the Triple Entente could starve out the German-Austrian allies through control of the sea, is strikingly illustrated in statistics now being prepared by the department of agriculture. They show that the Triple Entente, Russia alone produces food products more than sufficient for her own needs, but that all allies will be largely dependent upon the United States for field products which to maintain their armies.

Uncle Sam, with bumper crops, a wheat production of a quarter of a billion bushels more than the average for the last ten years, and occupying a position of absolute neutrality, will be able to make pretty much his own terms as to the prices to be paid for his products.

Aside from Russia, only two nations produce more cereal of any kind than they consume. All others, excepting Germany and Austria-Hungary, are forced to import all cereals for home consumption. Germany exports 7,054,607 bushels of rye annually, and Austria-Hungary raises 19,646,875 bushels more of barley yearly than is consumed within her borders.

In meat products the countries allied with the Triple Entente produce nearly twice as many cattle and five times as many sheep as do Austria-Hungary and Germany combined. The Teutonic allies produce about one-third more swine than their enemies.

Wheat Shortage Greatest

Germany and Austria-Hungary with a total population of 110,432,740, face an annual shortage in wheat of 72,446,468 bushels. The average yearly consumption per capita for these two countries is 3.99 bushels under ordinary circumstances.

The countries of the Triple Entente face a net shortage in wheat of 89,245,942, spread over a population of 250,124,525. To the average of per capita consumption annually for the countries which do not export is 7.73. Russia alone of the countries in the Triple Entente exports 150,875,000 bushels of wheat annually. The United States was the second largest exporter of wheat in the world until this year. Her bumper crop is expected to place the country in the lead far above the 200,000,000 bushel mark.

In all probability the United States wheat exports alone will be sufficient to absorb the shortage which all the warring nations face now, regardless of the fact that Russia expects a shrinkage.

Germany—Imports: Barley, 107,873,505 bushels; corn, 34,966,503 bushels; oats, 16,766,997 bushels; rice 474,747,264 pounds; wheat, 69,635,002 bushels. Exports: Rye, 7,054,607 bushels.

Austria-Hungary—Imports: Corn, 9,919,387 bushels; oats, 1,793,398 bushels; rice, 199,620,672 pounds; rye, 1,132,777 bushels; wheat, 3,211,466 bushels. Exports: Barley, 19,646,575.

Great Britain—Imports: Barley 49,777,334 bushels; corn, 85,060,797 bushels; oats, 54,871,951 bushels; rice, 599,577,437 pounds; rye, 2,137,063 bushels; wheat 610,819,395 bushels.

France—Imports: Barley, 4,833,776 bushels; corn, 14,331,060 bushels; oats, 18,278,510 bushels; rice 347,464,040 pounds; rye, 1,178,026 bushels; wheat, 18,467,816 bushels.

Belgium—Imports: Barley, 14,923,445 bushels; corn, 15,489,682 bushels; oats, 5,158,922 bushels; rice, 83,479,728 pounds; rye, 2,535,205 bushels; wheat 45,111,355 bushels.

Russia's Exports Heavy

Virtually all of the cereal items are on the export side of Russia's ledger. Aside from an export more than 150,000,000 bushels of wheat her corn export runs upward of 40,000,000 bushels and her oats export is one of the greatest in the world.

In contrast to the figures for all countries except Russia, statistics for the United States show of the cereals named imports only of rice, and a comparatively small quantity of that. On the other hand, the exports in many cases exceed the imports of some of the larger countries. Here are the figures for the United States:

Exports: Barley, 8,516,355 bushels; corn, 66,350,065 bushels; oats, 8,388,632 bushels; rye, 955,604 bushels; wheat, 107,141,601 bushels. Imports: Rice, 176,058,271 pounds. The wheat figures are taken from a small year. This year's figures promise to exceed them by one-third.

Europe's Live Stock Figures

The live stock figures for the countries embroiled are as illuminating as those of cereals. Here are some on the production of cattle, swine and sheep:

Austria-Hungary, 17,788,000 cattle, 14,540,000 swine, 13,477,000 sheep.

Germany 20,132,000 cattle, 21,924,000 swine, 5,803,000 sheep.

Belgium 1,831,000 cattle, 1,349,000 sheep.

France 14,706,000 cattle, 6,904,000 swine, 16,468,000 sheep.

Russia 36,306,000 cattle, 13,521,000 swine, 48,176,000 sheep.

Servia 858,000 cattle, 864,000 swine, 3,809,000 sheep.

Great Britain 11,869,000 cattle, 3,334,000 swine, 27,824,000 sheep.

Recapitulation

Austria-Hungary and Germany, 37,920,000 cattle, 36,464,000 swine, 19,270,000 sheep.

Triple Entente and Allies 67,766,000 cattle, 26,972,000 swine, 96,277,000 sheep.

These figures do not, except in the case of Indian and Asiatic Russian wheat, take in the products of the various colonial possessions. The value of these products will depend upon the supremacy of the sea.

A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. f not sold by your druggist, will be sent by mail on receipts of $1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for Texas Testimonials. Dr. E. W. Hall, 1926 Olive St., St. Louis, Mo. Sold by all druggists. (Adv.-)

GARAGE EMPLOYE SHUT OFF BURNING GASOLINE

Daring Feat of Olney Man Prevents Destruction of Automobile at Risk of Life

Special to The Times.

Oley, Texas, Aug. 25.—Four bales of cotton were ginned here last week, two on Thursday, one Friday, and one on Saturday. No effort was made to sell it, as there was no market, and the farmers are waiting for the consumation of the "cotton warehouse" plans now being made.

Ben B. Cain of Dallas addressed a mass meeting here Saturday in the interest of the plan. The excellent summer season has furnished ideal conditions for the growth of cotton and it appears likely that most of the cotton in this section will make a bale to the acre.

An automobile belonging to Leo Avert had a close call at a garage here Sunday afternoon. Just as the machine was driven to the door a connection broke in the line that carried the gasoline from tank to the engine, the gas ignited and there was a lively blaze when one of the employes of the garage crawled under the car and shut the gasoline off.

A meeting has been in progress at the Baptist church for more than a week and will continue indefinitely. It is being conducted by the pastor, Rev. J. M. Haygood. The meetings are held under a large tent erected on the church lot and it is taxed to its utmost capacity every night. There have been a number of conversions and several additions to the church.

Nothing has been done toward the erection of the electric light plant for which the council granted a franchise some time ago, and it appears likely that the party to whom the franchise was granted will not put in one. Daugherty Brothers, owners of the ice plant here, have the matter under consideration and think favorably of the project. They will likely install a first-class plant in the near future.

IRISH LADS LENGTHEN LEAD OVER LIEPOLDERS

Hibernians Defeat Opponents 7 to 1 in Pitching Duel Between Smith and Filgo

Twilight League Standing.

Clubs—	P.	W.	L.	Pct.
Irish Lads	10	8	2	.800
Liepolders	9	6	3	.666
Rams	9	3	6	.333
Black Cats	10	2	8	.200

The Irish Lads lengthened their lead over the Liepolders Monday evening defeating the latter by a score of 7 to 1, increasing their percentage to .800 and pulling their opponents down to .666.

The batteries were Smith and Yeager for the Lads and Filgo, McClure and Jones for the Liepolders. Smith struck out five and allowed four hits and Filgo struck out four and yielded five hits.

LOCATING THE TROUBLE.

and making necessary repairs to the plumbing is a branch of our business which we understand perfectly.

This Repair Business

is always annoying and sometimes expensive. If your plumbing needs repairing by all means have it fixed right Send for us. "An ounce of preventative is better than a cure." FOUR MORE DAYS OF BIG CLEAN-UP SALE

During this sale we are urging you to consider only the necessities of life.

Rockers Tomorrow

Ask youself if you could get along without one. There is not a woman in the land who does not have daily need of this home necessity and when you are making your selection bear these few things in mind, for a comfort in a rocker is more than skin deep and things you don't see are the most important.
The padding must be of good material that will not grow lumpy.
The cover must not be fussy or quickly soiled.
The springs are oil tempered and well bound together.
These things enter into the cost of a rocker. They need not make it expensive.
Take time to come in now and find out a lot about rockers. You'll want one sure.

Remember

Everything on sale at the Freear Store and you can save 25 to 50 per cent on every purchase you make.

Pianos at Bankrupt Prices

We have recently purchased a portion of a BANKRUPT piano stock at a great reduction in wholesale prices. These pianos, six in number, were in a two car load lot and were not unboxed until arriving at Wichita Falls, therefore they are not second hand and are without a single scratch or blemish. We propose to give six customers the advantage of this great reduction in price. They are standard articles and "ARTISTIC MUSICAL INSTRUMENTS," not commercial pianos nor thump boxes. If you are in the market for an instrument don't fail to investigate our statements.

Harrison-Everton Music Co.
Corner Ninth and Indiana

IN THE SPHERE OF WOMANKIND

My Wanderer.

A wanderer camped beside my door,
Among my petted blossoms rare;
A Gypsy of the hedge and field
And mutely plead that I would yield
Him space for biding there.

I bade him stay with grateful heart,
Gladly he held his favored place,
Lifting his strong arms high and wide
Above the larkspur's slender pride,
The lily's pallid grace.

He bided there for many days,
Untamed forever wild and free
No alms the roadside vagrant sought,
But grandly, like a king he brought
A royal gift to me.

He brought a gift of grace to me,
Whose careless kindness gave him room;
From out his rough green mantel's fold
A chalice wrought of fairy gold,
The wonder of a sunflower bloom.

—Edith Lessing.

Recipe For Apricot Sherbet.
(Mrs. S. M. Porter)

One-half gallon of water, six lemons, one can of apricots. Put apricots in dish with one and one-half cups of sugar, let stand two hours then press through colander. Mix lemons, apricots, cup of sugar and the water, put in freezer. When half frozen add whites of three eggs well beaten and a quart of cream and finish freezing.

Recipes are solicited. Phone 1671 or send to Times office).

MRS. PRESSLEY HOSTESS TO CENTRAL. PRES. LADIES

The Ladies Aid of the Central Presbyterian Church held their first meeting in some time Monday afternoon with Mrs. John Pressley, 1006 Broad. A very short business session was held in which plans for the coming winter were discussed and the year book and programs were also planned. The meeting was then turned into a social gathering. The hostess served delicious refreshments and music was enjoyed. The society will meet next Monday with Mrs. Oldham on Ninth street.

Mr. and Mrs. H. C. Dakan have returned from a short visit with relatives at Stamford.

Mrs. Harry Ziskind returned Sunday from a visit in Dallas.

Mrs. W. B. Mitkis and little daughters, Mary Landon and Kathrine of Nashville, Kansas, are the guests of Dr. and Mrs. S. H. Burnside.

Mrs. Natt L. Wagner returneed today from Cloudcroft, N. M. where she spent the summer.

Mrs. M. M. Addickes and daughters, Sadie and Frankie and Mrs. Frank Kell and daughter, Mary Joe, returned this morning from Colorado, where they have been for the summer months. Misses Audrey, Adele and Cecelia Addickes will return Saturday.

BATTLE HAS RAGED 4 DAYS NEAR HAINAUT

By Associated Press.

Paris, Aug. 25.—The following official announcement was made here today:

"The German offensive movement in the north which was stopped yesterday appears to have been resumed. The enemy, however, is being held back by a French army, acting in conjunction with an English army and the Belgian army.

"The armies of the allies surprised the enemy and drove back their advance detachments. The allies have gone beyond Malines. The Belgian army came from Antwerp.

"In Lorraine after the counter-attacks of yesterday the right of the French forces withdrew to the river to Montague which is a continuation of the Muerthe from Luneville to Nancy. In Alasce French troops repulsed a number of German attacks directed at Colmar.

"The reports of the recapture of Muelhausen by the Germans is without foundation. Moreover the theatre of operating in Alasce is becoming of secondary importance."

AUSTRIA WILL DISMANTLE WARSHIPS IN CHINESE WATERS

By Associated Press.

Washington, Aug. 24.—Danger of war between Japan and Austria was removed today through the agreement of Austria to dismantle her cruiser Kaiserin Elizabeth at Tsan Tau. The Austrian ambassador at Tokio was preparing to leave Japan when the agreement was reached. He then let it be known that he saw no

$100 Reward, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

At The Theaters

The Lamar Airdome.

Robbins and Weller make up the new vaudeville act at the Airdome. The porter and the pianist do some very good work. The black face member of the team is exceedingly convincing and his part of the act is out of the ordinary. The jokes he sprung were for the most part new and were entirely free from objectionable features, and his manner of address was decidedly novel. The pianist was there with the goods, and a trick that drew applause was her playing of the piano blindfolded, the keyboard being covered with a cloth at the same time. They will repeat their act tonight and Wednesday. Tonight's pictures are, "The Fatal Portrait." A woman's jealousy forms the theme of "The Fatal Portrait," Kalem two-part feature production which is the head line tonight. Irene Boyle and Robert Ellis, two popular Kalem players, portray the leading roles. "Almost Married," Sterling comedy, completes the picture bill.

The Victoria.

"Our Mutual Girl" in today's chapter paves the way for the future happiness of Ada Taylor, her protege. "Kid" Joseph, Ada's "tough" sweetheart who has now reformed, seeks permission of Margaret to marry Ada. This he wins through a deed, insignificant in itself, but showing the inmate goodness of his heart. He cares for a poor little cur dog which some boys were mistreating. Ada is happy and it seems from the turn things are taking that "Our Mutual Girl" may soon have a love affair of her very own. A Thanhauser of more than usual merit and of historical interest is "Deborah," a synopsis of which is as follows:

Deborah, an Austrian Jewess of great beauty, meets and falls in love with Joseph, son of Leroz, the village Burgomaster. The young man also loves Deborah. Nathan, the schoolmaster, an Apostate Jew, informs the burgomaster of his son's attachment for the Jewess, and convinces Jospeh that she is untrue to him. Broken hearted, Jospeh consents to marry Anna, the daughter of the pastor's niece. When Deborah learns of her sweetheart's faithlessness, she leaves the town, and later, when she returns, the apostle Jew incites the people against her. Anna, Joseph's wife, saves her. The schoolmaster is exposed and after Deborah goes out into the world alone Joseph devotes his life to the downtrodden race.

The Empress.

Two delightful juvenile pictures are showing here today both featuring the charming little [illegible], one of the most natural [illegible] of the child artists. These pictures are "L[illegible] reels and "G[illegible] Bears," a single [illegible] program is completed by a comedy reel.

The Gem.

"Broncho Billy," ever dear to the heart of the small boy, is showing at the Gem today. Also John Bunny and the delightful Flora Finch in "Father's Flirtation," the story of which is as follows:

"Poor old Bunny is forever getting in trouble with his wife. When Betty writes for her parents to visit her at college his troubles pile up. Bunny is rather flirtatious when his wife is not around and the first thing he does when they get to town is to start a flirtation with a pretty widow. It happens that this widow is landlady at the place where Betty and her mother go in search of rooms. Bunny calls and is surprised by his wife and daughter. He takes refuge under the bed and later effects his escape in the borrowed garments of one of the boarders. An exciting chase ensues and Bunny lands in the police station, when finally he gets out of the scrape he decides no more flirtations for him."

The Majestic.

The thirteenth picture of the Lucille Love series is showing here today. Taking advantage of Loubeque's quarrel with Thompson, his butler, Lucille picks up the priceless documents from the floor, where they had fallen during the scuffle. She runs out of the hycienda, jumps into Loubeque's machine with the chaffeur, who has decided to aid her, and begins a wild dash toward the American frontier. Loubeque takes after her in another machine, and a spectacular and thrilling chase begins. The country is rough and the roads are in bad shape. Loubeque can better stand the rough handling than the girl, and as a consequence he gains on her rapidly. Knowing what his fate will be if the spy overtakes him, the chaffeur loses his head while driving the machine over a dugway.

The sight which Loubeque then witnesses freezes his blood and causes him to cover his eyes that he may see no more. Lucille's automomible swerves, hesitates and then dashes from the dugway and topples from the cliff into a terrible abyss.

When she regains consciousness she finds herself in bed, with Loubeque caring for her and administering to her injuries. The papers are gone and she is set back to the point where she started. The futility of fighting the purposes of such a man as Loubeque, with all his physical power, determination and keen sense of intrigue, dawns upon the girl and leaves her without an ounce of fighting energy. Unasked, she agrees to give up the fight which has already cost her so much, and returns to San Francisco. In her heart she has begun to admire Hugo Loubeque, his stadfastness to purpose which could actuate only a man of intense character and brilliant imagination. Although he dare not admit it to himself, Loubeque has a feeling for Lucille which is far greater than a passing admiration for her determination, bravery and energy in fighting apparently insurmountable obstacles.

However, Loubeque has never lost sight of his objective point, viz: The ruination of Sumpter Love, the man who stole his sweetheart and wrecked his life. Thus when he arrives in San Francisco he at once begins negotiations with Lieutenant Hadley to turn over the papers to the department of State and thus dishonor Lucille's father. He makes an appointment to meet Hadley at a cafe and there delivers the papers to him. Lucille learns of his plan and accompanies him to the cafe. Knowing that the spy will not talk business in her presence, Lucille feigns illness and is excused.

She hires one of the cabaret dancers to allow her to use her clothes and dance in her place. Lucille dances in the cafe, and now and then, when she edges near Loubeque, she overhears portions of his conversation. Then a most unexpected thing happens.

Lieutenant Gibson, Lucille's sweetheart, happens into the cafe. He cannot believe his eyes when he sees Lucille, the only daughter of General Love, as a cabaret dancer. Gibson pushes her from him in disgust. He can have nothing to do with a cabaret dancer. She pleads with him, but he will not listen to an explanation and rushes from the cafe."

"The Fables of the Good Fairy," by George Ade, comical story of a society woman who tried to uplift the poor, and the Hearst-Selig News—the world before your eyes, complete today's interesting program.

THERE'S NO SENSE IN TAKING CALOMEL

Dodson's Liver Tone will fix up your liver safely and won't knock you out a day. A man feels very little like working and a child don't want to go to school when bilious or constipated. If you dry calomel to cure you the chances are that you will be so weakened by its after effects that you will be laid up for two or three days more. So we say "don't take calomel." You can get a perfect remedy to take the place of calomel at any first class drug store that is guaranteed to relieve constipation and liven up the liver just as quickly as calomel, but without any of the ba dafter effects of calomel. The name of this medicine is Dodson's Liver Tone. It is a pleasant tasting vegetable tonic that mildly stimulates the liver and causes it to work just right without any danger of salivation. If it doesn't fully satisfy you, you may have your money back from the store where you bought Dodson. For sale by Miller Drug store. (Advt)

WILL INSIST INSURANCE COMPANIES BE LICENSED

Austin, Texas, Aug. 24.—Members of the state insurance commission declare they will insist on having a proviso inserted in the proposed bonded warehouse law to be considered by the special session of the legislature, requiring these warehouses to be insured in exclusively in authorized or licensed fire insurance companies. This is to be for the benefit of those storage cotton or other products in the warehouses. The commission asserts this will obviate many complaints received by them from persons who insured warehouse contents in companies not licensed to do business in Texas and have had consequent trouble collecting for damage when fire results.

ED HOWARD, Manager.

The State Executive committee did just what was expected of it in the Lane contest—it rejected Mr. Lane's claims and declared the action of the old committee in making Jeff McLemore the nominee correct. Mr Lane has appealed from the committee to the courts, and we believe that if his contention of facts is upheld, the courts will order his nomination certified. Mr Lane claims that he received more votes in the democratic primary than did Mr McLemore. And if he did, every principle of fairness and democracy makes him the democratic nominee, regardless of the partisan executive committee's action.—Denton Record and Chronicle

While this paper is no particular admirer of Mr. Lane, it does like to see fair play in politics. If the final election returns show that he seecured more votes in the July primary than Mr. McLemore, the State Executive committee should have declared him the nominee. The matter is now up to the courts for settlement, and the courts should act speedily on such a matter. If the courts wait until after the November election to act, they had just as well not act at all.

As regards this "suffrage for women" matter that is being agitated the world over, why not let the women decide or settle it for themselves without the aid or assistance of man. This could be accomplished by the various states ordering elections on that question at which only the women shall be allowed to vote, and make it compulsory that at such elections all women shall vote, just for this election, or furnish a good and lawful excuse for not doing so. In the event a majority in each state decided that suffrage should be extended to them in all elections, then the quicker it is done the better. This newspaper, so far as the South is concerned, has never believed that a majority of our Southern women desired the ballot. But as to that, it may be in error. The Times is in favor of giving the women anything they want, but it would like for the majority of our women folks to decide for themselves what they do want.

There is criticism in some quarters of the investigation begun a few days ago at the instigation of President Wilson into the sudden rise in the cost of food necessities following the outbreak of the European war. It is criticized as being a political move. The Times believes that the criticism is groundless. Results have already justified the action. The soaring prices in most instances, except where there were real economic reasons for an advance, have halted, and in a number of commodities prices have settled to a lower basis. In the hysteria that followed the outbreak of the war speculators and others saw an opportunity to shoot up prices to an unwarranted level. The President's investigations have brought the speculators as well as the people generally to their senses. The consumer, instead of blindly paying the prices, is asking why, and those who are responsible have failed, in most instances, to show him. Yes, the government's espionage has already brought good results. If it was a political move, let the President's critics make the most of the fact.

"Mister, why did you shoot me?" were the dying words of a seventeen-year-old boy last Sunday night as he lay bleeding to deathh from a gun-shot wound inflicted by a policeman who thought he had the right to kill a prisoner who was trying to escape from him. The boy, in company with a companion, had stolen an automobile from in front of a theatre and were out for a joy-ride. They were doing wrong. There is no question about that. But was the officer right in shooting the boy down who was running away from him? And will he, when the time comes for his trial plead that he was forced to kill the boy to protect his own life? The owner of the stolen car, we suppose is feeling good over the death of the boy, as he congratulated the policeman on his "good work" and peeled off a tenner from a large roll and gave it to him. The mother of the boy is a widow, and he had helped to support her since he was fourteen years of age. The law says: "An officer has no right to shoot when a prisoner is running away. In attempting to make an arrest for a petty offense, an officer is not authorized to shoot the party fleeing from such an arrest." The great trouble with the officers is that we, the people, elect or appoint to office many officers, who themselves, are little better than outlaws, who are ever ready to shoot and kill on the slightest provocation, or as in the case above cited, no provocation whatever. There are but few counties or cities in the State that do not have officers who think no more of taking the life of a human being than that of a dog. The surprising part of this case is that any man who is in his right mind could approve of the act of that Dallas officer in taking the life of that boy, even though he was guilty of theft.

TALKING TOO MUCH.

A likeable young fellow in Dallas lost his job the other day. He talked too much. No, he didn't give away any of the trade secrets nor betray confidences in any manner. He was simply too affable to realize that if speech is silver silence is golden.

The young man in question had an outside task. He was supposed to cover a certain amount of city territory each day and to get results out of that territory.

But he had too many street corner acquaintances. Simply because he had a heart filled with friendliness toward everyone he showed that friendliness by stopping to chat with each one of these acquaintances. The result was that everybody said, "Fine fellow—is."

That is, everybody but the "boss" said it. The "boss" soon saw that the young man wasn't getting the normal amount of business. So, business being business, he warned him once or twice and then he discharged him.

The firm couldn't declare dividends on street corner conversations.

With the same firm is another young fellow. He, too, has outside work. He too is aware of the business value of cordiality. But he, too, realizes that cordiality without orders is like faith without works.

And so, although he never passes a friend without a cheery greeting, he doesn't stop in front of every friend to solve the European problem. He covers his territory and he gets the business.

There is a middle ground between grouchiness and garrulity.—Dallas Times-Herald.

CATO SELLS GOOD WORK.

(Springfield, Mass., Republican.)

The praises of new department and bureau chiefs in Washington are so familiar an accompaniment of a change of administration that the experienced observer accepts them with much caution. But there appears to be ample evidence that Cato Sells, the Texan whom President Wilson made commissioner of Indian affairs, has seized his opportunity in a really notable manner and already instituted intelligent reforms which promise to make the last chapter of the government's dealings with the Indians as wards a bright one and something of an atonement for those that have preceded it. Mr Sells has received an enthusiastic, not to say eulogistic endorsement from M. K. Sniffen, secretary of the Indian rights association which was called into being by the necessity of protesting against the iniquities of our earlier policy toward the Indians. The Indian appropriation bill recently passed by congress has been hailed as the best measure of its kind yet made into law, instead of smelling to high heaven with ill-concealed graft. The chief credit for this achievement has been given to Mr. Sells and the weight which his convincing sincerity and clear comprehension of his office had with the congressional committees. It was announced some time ago that regardless of his views on the prohibition question, Mr. Sells held liquor so vital a menace to the Indians that he felt he could not, as long as he was Indian commissioner, touch a drop of intoxicants. This attitude he wished impressed upon and through the Indian service. The practical measures of reform which he has undertaken are numerous, but the most interesting is the effort, by the introduction of healthy stock in great numbers to make the Indian the American "cattle king"—a title for which the possession of the best and largest grazing lands now left available gives the tribesmen an obvious opportunity. It seems to be Mr. Sells' idea that if this work can be carried out it will not only benefit the Indians, but may actually avert or temper the threatened "meat famine."

AGRICULTURAL BULLETIN TELLS ABOUT DIPS

Washington, D. C., Aug. 24.—The U. S. Department of Agriculture has just issued a 16 page Farmers' Bulletin (No. 663) on methods of preparation and directions for the use of arsenical cattle dips. These are the dips which are effective against the Texas fever tick.

The bulletins give farmers and stock raisers explicit practical directions for the making and use of boiled and self-boiled dips. The measures prescribed for the safe handling of these poisonous substances should be read attentively by every farmer who wishes to dip his own cattle.

The bulletin will be sent free to anyone who will send a postcard to the Editor and Chief, Division of Publications U. S. Department of Agriculture.

LUCILLE LOVE, MAJESTIC, TODAY

COL. WILLIAMS AND OUSLEY ARE INVITED

STATE SENATE, HOWEVER, DECLINES INVITATION TO PETER RADFORD TONIGHT

LEGISLATORS DO VERY LITTLE

Vote Appropriations of $75,000 For Themselves As First Proceeding

By Associated Press.

Austin, Texas, Aug 25.—The resolution to invite Former Senator J W. Bailey to address the House was laid aside today for the time being because the author of the warehouse bill, Representative Goodner did not wish to divert the members from the purpose for which the legislature assembled.

It is now apparently the program to include Governor-elect Ferguson and J. H. (Cyclone) Davis in the resoluton when it is presented.

When the House convened today Representative Tillotson obtained reconsideration of his resolution adopted yesterday memoralizing congress to permit state banks to participate in and become members of the national currency association. The resolution was amended so as to make it a concurrent resolution and thus have the approval of the Senate as well as the House.

The resolution was adopted in the House inviting Clarence Ousley of Fort Worth and Col. Sheb Williams of Paris to address the legislature on the cotton situation tonight.

Senate Completes Organization.

The Senate today completed its organization and the governor's message was read. There was a lively debate precipitated by Senator Westbrook who offered a resolution that all stenographers and other employes work from 8 30 a. m., to 6 p. m. It was defeated finally.

The Senate passed the House mileage and per diem bill and the contingent expense bill, the first carrying an appropriation of $60,000 and the other $15,000. Senator Watson renewed his motion to have the Senate take action on the resolution asking the attorney general for an opinion as to whether Senator Collins is present lieutenant governor or not. The resolution still lies peaceful today.

Refuse to Invite Radford.

The Senate by a vote of twenty-one to seven adopted the House concurrent resolution inviting Mr. Ousley and Col. Williams to address the legislature tonight on the cotton warehouse problems. This was to be accomplished, however, with much wrangling and the defeat of an amendment to include Peter Radford, former president of the Farmers' Union. The amendment offered by Senator Bailey of DeWitt, was tabled by a vote of twenty to eight.

The Senate then adjourned until 10 o'clock tomorrow morning.

The House adopted a resolution authorizing the speaker to employ stenographers to take down the speeches made during the consideration in the committee of the warehouse bill.

The attorney general was invited to address the House committee on these bills during this afternoon. The House then adjourned until 10 o'clock tomorrow morning.

J. V. C. T. Christensen left this afternoon for a trip to Oklahoma points in the interest of the Wichita Falls Foundry and Machine Company.

MONTHLY MEETING OF COUNTY FARMERS' UNION

Plans For Financing Cotton Crop Will Be Discussed at Barwise School House Meeting

The regular monthly meeting of the county Farmers' Union will be held at Barwise school house on Thursday and Friday of this week. The sessions of Thursday afternoon and Friday will be closed except to members while that of Thursday evening will be open to all who care to attend. The principle topic of discussion will be plans for financing the cotton crop. Henry Webb, agricultural agent for the Fort Worth & Denver and H. N. Pope, State lecturer for the Farmers' Union, will be present and give addresses. It is expected that about fifteen members of the union from this city will attend, and large delegations are expected from every section of the county.

NEW HIGH MARK IN WHEAT FUTURES TODAY

By Associated Press.

Chicago, Aug. 25.—Other factors being submerged under the war influence wheat opened one-eighth of a cent down today jumped 2 5-8 cents to 2 7-8 over yesterday's close. It was due to speculation on present and prospective European demands. Corn followed wheat opening one-quarter to half a cent down and advancing to a position of 1 1-8 cents over the previous close. The strongest bulge was in May. Oats opened 3-8 down to 1-8 up and on the early bulge made net gains of 5-8 to 1 1-4 cents the latter in December futures. Wheat closed bouyantly and strong. Corn closed firm. Close for the leading months, wheat Sept. 1 03; Dec 1 07, May 1. 13½. Corn, Sept. 80, Dec 70 7-8. Oats, Sept. 46 31; Dec. 48 5-6.

SOUTH AMERICA OFFERS NEW MARKET FOR GRAIN

By Associated Press.

Galveston, Texas, Aug. 25.—A new market for southwest grain will be developed, it is believed, by the paralysis of the export trade to Europe during the war. According to local indications, large quantities of wheat will be diverted to South American countries, which ordinarily grow enough for their own consumption but which need American grain for seed and milling. European export trade is expected to show a quick recovery when the question of naval supremacy among the nations is settled.

BANK DEPOSITORS STORM PROSECUTOR'S OFFICE

Police Reserves Called Out In New York City to Handle Mob of East Siders

By Associated Press.

New York, Aug. 25.—Police reserves were called out today when District Attorney Whitman's office was stormed by 500 men and women from the East Side. They were depositors in the private bank of Adolph Mandel which was recently closed by the banking department.

The crowd literally fought their way through the building to Mr Whitman's office demanding that he take criminal action against the banker.

Perfect Dress for Men & Women

Corset Style EXHIBITION

In conjunction with "The Fourth Semi-Annual Gossard Proclamation of Authoritative Corset Styles," we are having an exhibition of new corset models, depicting the proper style in corsets for fall and winter wear this season. These handsome new models have never been displayed before. You are invited to inspect them in our show windows and corset department. All fall styles in dresses will be based upon the new corset lines, and you should select your corset before purchasing a new frock or suit.

Wear Gossard CORSETS Lace In Front

Gossard Front Lacing Corsets set the styles in corsets throughout the entire civilized world. For the next six months all correct corsets and all fashionable gowns will follow the lines of the new Gossard models.

We have a Gossard to fit every figure correctly and comfortably, and a variety to fit every purse. Priced from $3.00 to $5.00, depending upon the material. Every one with the correct Gossard fit and style. We invite you to inspection of these beautiful new styles this week.

JAPANESE PHOTOGRAPHER CONFESSES TO CRIME

Monterey, Cal., Aug. 25.—George Codani, the Japanese photographer under arrest in connection with the death of Miss Helen Wood Smith, whose body was found hidden in the sand dunes near Carmel by the Sea, has made a detailed confession of the crime, it was announced today. The confession followed a number of conflicting stories of the murder told by Codani none of which were credited by the authorities. He said:

"I killed Miss Smith at midnight Wednesday. I had an appointment to meet her at the place where I killed her and arrived there at that time, bringing some lunch. She had her steamer robe tied up with heavy cord. I told her I was going to Nevada with another woman. Then she got angry and started to tussle with me. Then I picked up a shell and struck her on the head. After this I took the cord from the steamer robe and strangled her. I was wild and mad. I buried the body in the sand."

The Japanese told the authorities that he came to Monterey to cash a check for $252.22 which he said Miss Smith had given him.

DESPERATE FIGHTING NORTH OF CHARLEROI

French and English Engaged With Germans Who Crossed the Muese At Huy

By Associated Press

London, Aug. 25.—An official statement says that French and British troops have been engaged in desperate conflict north of Charlerio and Flueres with Germans who crossed the Meuse at Huy. Saturday French troops which had spread from Lille met the German right in east Flanders. Desperate fighting between outposts took place at Oudenarde and Renaix. The losses were heavy on both sides.

Twenty-five thousand Germans have been surrounded between Courtral and Anseghem, a town six miles west of Oudenarde.

Fighting was progressing Sunday at Preonnex between Mons and Pinthe and between Wateghem and Oudenarde.

The Handelsdeladd says that since Monday no Germans have been in Brussels. Arrivals from Liege say many houses there were burned last week, German soldiers have inscribed on the wall of the city "William Second, Emperor of Europe."

GERMAN WIRELESS STATION OPERATING ILLEGALLY

By Associated Press.

Washington, Aug. 24.—After a conference with Secretary of Navy Daniels, Secretary Redfield today notified the German-owned wireless station at Tuckerton, N. J., that it is operating in violation of the law. It was said the station had not been licensed under the radio laws. It has been operating an an experimental stage since May. Whether the station would be licensed that war conditions was a perplexing one.

RULES RIVER BED BELONGS TO STATE OF OKLAHOMA

By Associated Press.

Oklahoma City, Aug. 25.—Attorney Chambers has decided that the bed of Red River belongs to the State of Oklahoma. The case will probably be taken into the court.

Causes Of Many Disasterous Wars Have Been Trival

Opinions may differ as to whether the dispute which led to the present conflagration in Europe were sufficient to justify the loss of blood and treasure which it is feared will be expended, but it is certain that many great wars in history have resulted from much more trivial causes. The dogs of war have been let loose and continents deulged with blood frequently as the result of amazingly insignificant incidents.

A man may start an independent riot in his own home by appearing unannounced with a clean shave after having worn a luxuriant hirsuite adornment for years, but ordinarily the trouble does not go beyond his own door. Louis VII of France was less fortunate. A visit to the royal barber plugned two nations—France and England—into intermittent warfare which lasted 300 years.

According to the story, the archbishop of Rouen persuaded the king to remove his beard, in common with his subjects. The act led to so much friction with the queen that at last Louis divorced her, to become a few months later the wife of Henry II of England. From this marriage centuries of bolodshed may be said to have followed.

In an iron case in the tower of the cathedral in Modena, Italy, a bucket which 900 years ago was the cause of a terrible war may be seen today. Soldiers of Modena in a mischievous mood stole the bucket from a public well in Bologna and refused to return it. The States were rivals and were jealous of each other and fights between soldiers of the two followed. This spark kindled a fire of war which devastated a large part of Europe and led to the imiprisonment for life of the King of Sardenia, son of the German emperor.

Broken Teapot Starts War.

A broken teapot started a war in China 250 years ago which cost half a million lives. The teapot was the cherished possession of a dignitary high in favor with the emperor. When travelling through a lawless province in the northwest of China some of his retinue who had fallen behind the main body were intercepted by a band of robbers and among the spoils the teapot was found and contemptuously thrown on the ground and broken. The mandarin reported his loss to the emperor, a force of soldiers was sent out and a long and terrible war ensued.

Lord Palmerston once said that only three men had ever known the exact nature of the troubles in Schleswig-Holstein which led to two great wars. Two of them had died before the wars broke out, and he, the third of the trinity, had completely forgotten what it was all about.

The manipulation by Count Bismarck, then Prussia's foreign minister, of a telegram set Prussia and France flying at each other's throats in 1870. The French ambassador went to Ems, where Emperor William I then was, to ask him not to approve the ambition of Prince Leopold to become the King of Spain. The king refused to give a definite answer, but Prince Anthony of Hohenzollern withdrew his son's candidacy. A report of the conference was submitted by telegram to Count Bismarck with authorization to publish it. Bismarck altered the text and in the changed form gave it to the newspapers and through them to France. As Bismarck wrote it the report was unfavorable to France and the interantional war with all its horrors followed.

Over a Glass of Water.

The war of the Spanish succession, in which the great Duke of Marlborough played a brilliant part, was said to be the outcome of a glass of water at a ball at the Tuileries in Paris. One of the court ladies had expressed a wish for a drink of water in the hearing of the British and Spanish ambassadors, who hastened to get it for her. Returning each with a tumbler they found the fair bird had flown and was dancing with a French statesman. The English diplomat accidentally, it is presumed, brushed against the Spaniard and upset the glass he was carrying.

Prof. Ernest Katz, who has spent the past two months at Colorado Springs, will return to this city Sept. 1st and resume his music class as well as his orchestra, beginning the second week in September.

VON BUELOW AIDS KAISER IN MOVING TROOPS IN WAR

GENERAL CARL VON BUELOW

Austrian Seaport Reduced By Fleets Of The Allies

By Associated Press.

Rome, Italy, Aug. 25.—A dispatch from Antivatri, Montenegro, says the fortifications of Catarro, the Austrian seaport in Dalamatia on the Adriatic have been completely destroyed and that the Austrian commander now is parleying for terms of surrender.

The bombardment of Cattarro was conducted by a fleet of the allies, the dispatch says.

DAY OF PRAYER AND FASTING TODAY

ALL DAY MEETING IN PROGRESS AT FIRST BAPTIST CHURCH TODAY

BIBLES THEME LAST NIGHT

Evangelist Martin Shows That Essential Points in Three Chief Bibles in Agreement

Today is a day of fasting and prayer at the First Baptist Church Srevices started at 9 o'clock this morning and will continue throughout the day without intermission To-night Evangelist Martin will conduct his final meeting here after which he leaves for another point where he will open a revival His subject to-night will be "Wheat It Means to Believe on Christ." After tonight's meeting Evangelist Hubbard will have charge of the services which will be continued indefinitely.

Music Conductor Here.

There was a very noticeable improvement in the music with the addition of S. L. Raborn who took charge of it last night. With the aid of Raborn whose knowledge and experience along this line include many years, some very pleasing effects were secured from the singers. Further announcement was made for to-night's sermon by Rev. Martin, which will be "What it Means to Believe on Christ." This will be Evangelist Martin's last sermon in this city, Evangelist Hubbard taking charge of the meeting tomorrow

During the earlier part of his sermon last night, Evangelist Martin devoted a few words to an apparent contradiction in the Bible. He said that the Catholics believed that if you are once saved you may lose your salvation by the enacting of a change of belief That is, if you no longer believe in the words of the Scripture There is a doctrine headed by the Baptists and followed by others which holds that if you have once received and heeded the call of God's word, you couldn't lose your salvation The speaker declared that if the Catholic version were true, it contradicted Jesus Christ himself. for it was explained in the Bible "He that believes on the Word of Jesus Christ shall (right then) have everlasting life."

Those Beyond Redemption.

It is impossible for those who were once enlightened and who have once tested the Holy Word and not accepted it—it was impossible for them to renew, declared the speaker He remarked that under those conditions half of the people in the congregation couldn't be saved if they wanted to, for it was improbable to conceive that they had not been enlightened by God's word, and if they had and had refused to respond, it was a human impossibility for them to renew Such is the teaching of Christ in his work, the Bible he warned.

He made his point plainer by telling of an instance which occurred in the life of an Illinois doctor. The doctor was leading a wild life reeking with sin, when one night he dropped into a church and quite without his consent the words of Christ were driven home to him by the minister The doctor was very much in sympathy with his care free life and didn't want to give it up, so he decided to continue it and seek his salvation later. Many years later he reformed took up the job of seeking his redemption, and was failing utterly to receive the Holy Spirit, because during his early life he had turned the hand of Christ away. That doctor stated the speaker, had personally confessed that he knew he was going straight to hell; he was reading holy books and doing everything in his power to again renew his faith but failed

The evangelist declared that every one in the house who heard the Word of Jesus and failed to respond were courting the same fate as that which beset the doctor

The Three Bibles.

It was at this point that Rev Martin picked up the three Bibles The first, King James' Bible; next the American Revised Edition, and third the Catholic Bible. The speaker devoted a short talk to the history of the writing and translation of the Scripture According to his story, the only one that is a translation of a translation is the Catholic Bible and for this reason he said it had twice the chance of the other two of being full of errors

But that point in the Scripture wherein it tells what one must do to be saved is the same in all of three he explained. So, there is no excuse for any denomination not knowing what course to take He confessed that it showed the handiwork of God that during every translation all the important parts of the Bible came out the same way with the same meaning.

When One is Saved.

Speaking upon the subject of what church to join, the pastor said that if you deserved to join any at all, that is, believed and heeded the Word of God, right then you were saved before you could join any church And you would stay saved whether you intended to enlist with the Baptist or Methodist or any other He made it plain that it was not the church, but the Holy Ghost that saved "The chief words of the devil" he declared, "is to whisper into the ear of a church member that such a member in such good standing could not go to hell whether they had accepted the Word of God or not." The speaker firmly believed that anybody who depended upon their church membership to take them to Heaven were stealing a ride on a fast train to hell "Any church that has half of its members saved, actually saved, is doing good and besides doing hard work," he admitted.

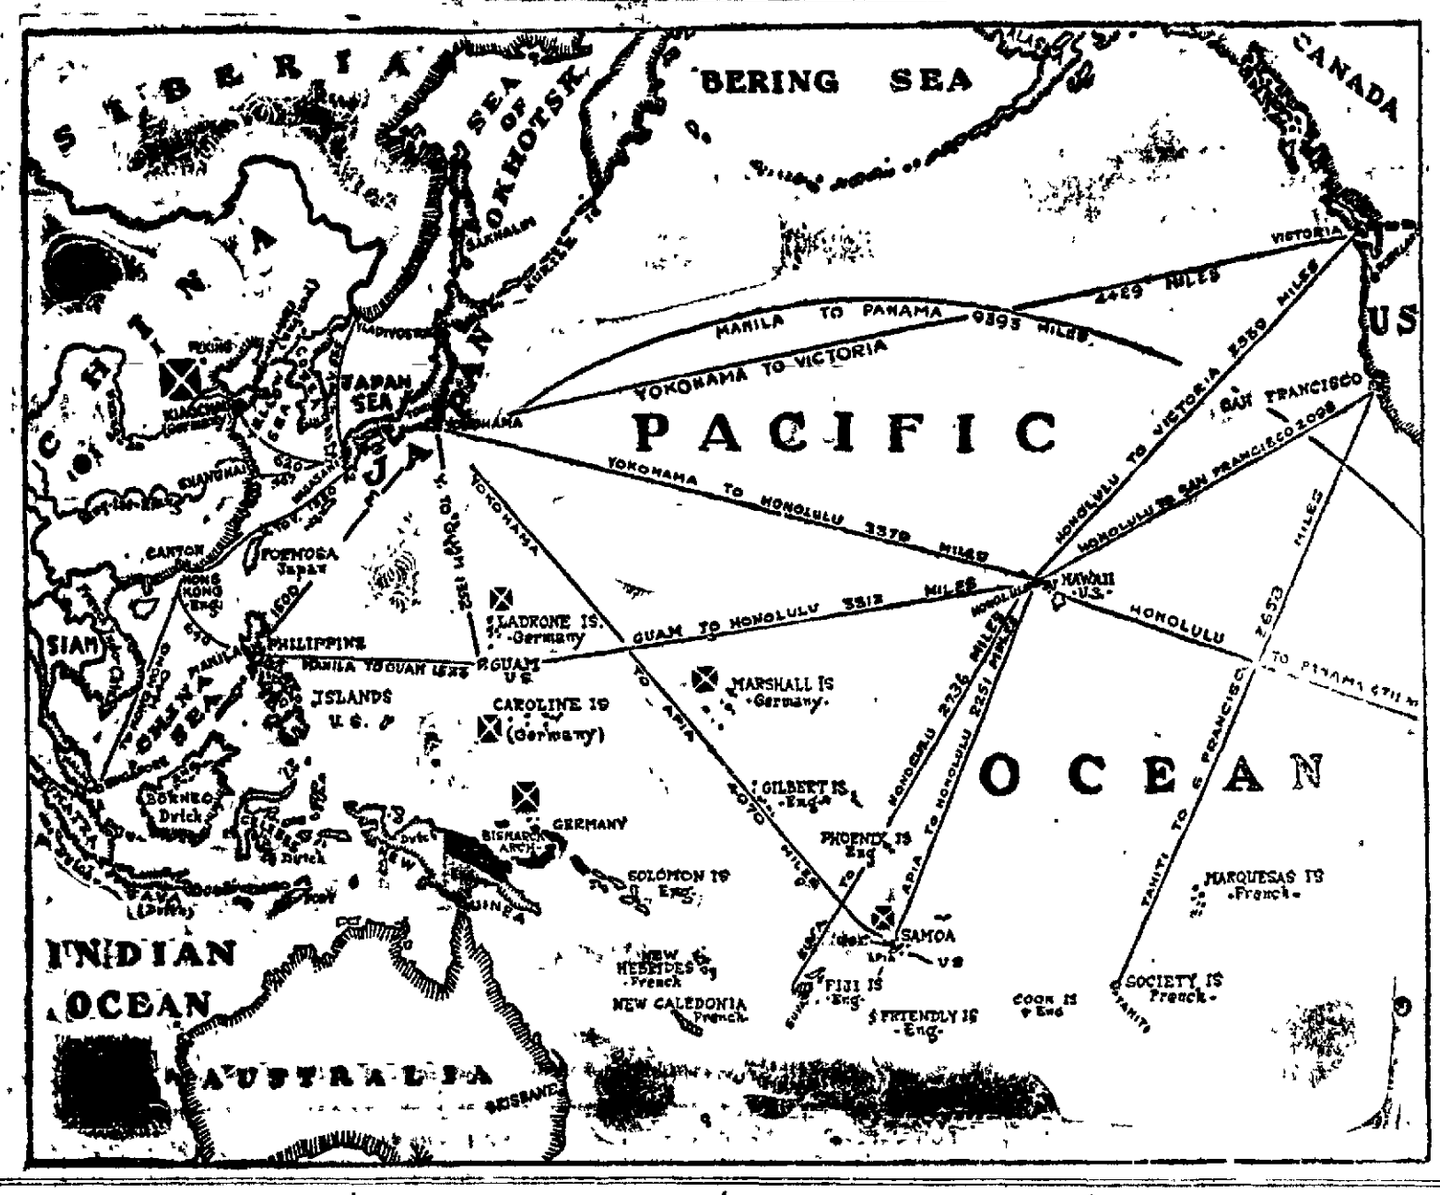
Church Without Hell Popular.

Commenting upon the freak churches which have sprung into some prominence within the last few years, Rev Martin said that those which preached that there was no hell were coining money; getting members almost as fast as they could admit them and were sending them straight to hell with the same degree of rapidity. That kind of church was what the people wanted he declared, but said so far as saving their members was concerned such churches were actually doing harm instead of good

As a climax to his sermon the speaker made this blunt statement You cannot stand up before God's bar of judgment and say as an excuse, that you have never understood how to be saved when there are three Bibles which all give absolutely the same version of the matter" One young woman responded to his call for converts, she making the sixth that has joined hands with God during the revival so far

THE TREY OF HEARTS

United States Vitally Interested In Events In The Western Pacific



James C. McReynolds Leaves Cabinet for U. S. Supreme Court

The appointment of James C. McReynolds, United States attorney general to the United States supreme court will add to that tribunal a lawyer who is known to have pronounced and advanced ideas in regard to the Sherman anti-trust law. Mr McReynolds before he became attorney general had had large experience in the enforcement of the anti-trust laws, especialy in the prosecution of the tobacco trust and the so-called anthracite trust As special counsel in the tobacco trust case he differed from Attorney General Wickersham as to the form of the dissolution decree Mr McReynolds contended in the tobacco trust case and has since applied the same theory as attorney general that in any dissolution proceeding the constitutent parts of the trust should be disposed of to indepenent shareholders.

Convertible Garment Can Be Worn as a Skirt or Trousers

Chicago, Aug. 24.—A hybrid garment stood out prominently at style show of the Chicago Garment Manufacturing Association. This was a "convertible" skirt worn by Mrs. S. E Johnson of 318 Stanley terrace.

Skirt and pantaloons may be used synonomously in speaking of this invention in wearing apparel, according to Mrs. Johnson, for the garment is a combination of a woman's skirt and a man's pair of trousers One is readily convertible into the other.

When you wish to be dressed up, close the buttons all the way down and you have a skirt for the drawing room," said Mrs. Johnson, buttoning her skirt both in the front and the back.

Buttons Down Back

A long line of buttons extends down the middle of the back as in front.

"But, when wishing to climb a fence and you find yourself restricted in freedom," she continued, "merely use the buttons in fastening the fullness of the skirt about hte ankles and presto, you are in a pair of trousers

"There are five pockets in the skirt and a woman does not have to crate all sorts of baggage about. The garment also does away with petticoats and other lingerie"

Cures Old Sores, Other Remedies Won't Cure
The worst cases, no matter of how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c, 50c, $1.00

The Rohatch Mineral Water.
Acts directly on the digestive organs of the stomach, strengthening the kidneys and keeps the blood in fine condition Good circulation is the only cure for constipation, rheumatism and the only way the system has to throw off germs that cause typhoid, smallpox and other loathsome diseases Four years in the water business in Wichita Falls has taught us precaution during epidemics of loathsome diseases. We are not strangers in Wichita Falls. We have been here fifteen years and are here to stay We have always met our obligations. We are equipped to furnish our trade with a clean, wholesome vessel and the best water in the state. Fall in line and share good health with us Special attention given five-gallon phone orders. Our wagon leaves the well at 7 a m and 2 p m Two trips daily except Sunday Phone 9001-ring 14 G. J. Rohatch, Proprietor.

TEXANS RESCUED FROM KNIFE BY WONDERFUL STOMACH REMEDY

Find Swift Relief From Ailments of Years' Standing With First Dose of Treatment

Many Texans needlessly suffer from stomach ailments and disorders of the digestive tract which appear to be particularly prevalent in the South Many others have found a way to health by the use of Mayr's Wonderful Stomach Remedy.

The first dose of this remedy proves what it will do.

T B. Goodpasture, 802 Sabine St., Houston, Texas, wrote: "I took treatment last spring. I don't think I will have to take any more—it completely cured me."

R. L. Randell, Laredo, Texas, wrote: "I have just finished my fifth bottle of your stomach treatment and passed several gall stones. Your preparation has worked simply wonderfully during my course of treatment."

These people know, because they took and proved it. Mayr's Wonderful Stomach Remedy shows you right away. Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It gives quick relief to sufferers from ailments of the stomach, liver and bowels. Many say it has saved them from dangerous operations; many are sure it has saved their lives.

The wonderful success of this remedy has caused many imitators, so be cautious. Be sure it's Mayr's. Probably your own neighbors know about the remedy. Go to Fooshee & Lynch and ask about the wonderful results it has been accomplishing among people they know—or write to Geo H. Mayr, Mfg Chemist, 154-156 Whiting St., Chicago, Ill, for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist will tell you its wonderful effects. (Advt)

U. S. Marshal On His Way to Attach Big German Seamer

By Associated Press.

Portland, Maine, Aug 24—A federal suit to recover $1,040,467 was instituted here today by the Guarantee Trust Company of New York against the North German Lloyd Steamship Company and a deputy United States marshal was sent to Bar Harbor to libel the company's steamer Kronz Prinzessin Cecelia at reason why he should not remain. that port.

Austin—The first table to ever be issued showing the railroad junction points in Texas is being prepared for publication by the Texas tariff bureau at this place. There are about 250 of these points in the States Other valuable information is also included in the pamphlet.

WELL ATTENDED MEETING OF TRADES COUNCIL

Several matters were discussed before the Wichita Falls Trades and Labor Council last night but definite action was taken on none of them. There was a good attendance and much interest. Invitations have been extended to each of the locals in the city to appoint members to work out with the marshal the details of the Labor Day parade.

LITTLE SATISFACTION FOR VEGETARIANS

Washington, Aug. 24.—Turning vegetarian to cut down the high cost of meat would be cutting off the nose to spite the face because vegetables prices are higher this year than last, according to the latest statistics compiled by the department of agriculture from reports from all parts of the United States.

Although the general crop outlook is high above the average, due to the record wheat and corn crops and while vegetables may be cheaper in some localties the average vegetable prices through the country have advanced over last year.

The potato crop this year is estimated at 350,000,000 bushels and while this is slightly in excess of the five year average, it is only 83 per cent perfect against a ten year condition of 88 per cent.

Fruit crops of all kinds have excellent prospects, the apple crop being in particularly good condition. The composition condition of all crops in the United States is 1.4 per cent better than the ten year average and 8.7 per cent above last year.

The little insect that causes an annual loss of hundreds of thousands of bushels of wheat and known as the "oat aphis" can scarcely be controlled when it has once gained headway.

The department of agriculture has just issued a bulletin telling farmers how to combat the oat aphis. It points out that the most effective way to fight the pest is to destroy the breeding places which are usually in rank growing grain which springs up where a straw stack may have stood.

The department suggests spraying

Pale Cheeks Will Be Fashionable Range Supply Cut

Red cheeks are paling and red lips are fading, the smile that won't come off is fast giving way to the frown that's there to stay and again it is satisfied with putting under the ban the baby's toys and little brother's jack knife, that most valued of "first aids" to the universal feminine, is fast becoming a luxury that only a few can afford and white faces are liable to become the order of the day if the war doesn't stop.

Why? Had it occurred to you that 90 per cent of the rouge used in America is manufactured in France and all because of the European war. Not of small areas where the insects are most likely to breed.

that from gay Paree goes forth the blush that mantles the world? It's a fact—a solemn, uncompromising fact, that the women will have to face.

And speaking of faces brings to another sad reality. Not only rouge but various ready-made beautifiers will be under the ban until the war is over.

No longer will my lady, in preparation for the coming of the favored swain, betake her to her boudoir, or whatever the atelier might be called and there implant the bloom of youth on the face that saw its youthful days when the Spanish-American war raged.

No longer will the showgirl blush genuinely through a layer of artificial red that was concocted in the city where real blushes are few.

And no longer will mother "on account of the weather" bedaub her face until its lovable wrinkles are hidden in a mass of crimson that would taunt the most timid bull of Madrid into a perfect fury.

And it's all on account of the fact that the official dope mixers are at war with the people who have declared that father shan't have his "made in Germany" beer because it is an article of food.

The colorless days are about to dawn, the saddest of 'em all and home made dope shall grace the face that greets us at the ball. That wasn't even bum verse. It is the grim truth.

Picture a stage without the kindly covering that obscures all age and places the chorus girl of 40 on a par with her sister of 18. Picture the leading lady, devoid of all paint, as she sings a colorless song to the hero, as "saddish" as herself, while the villain, the erstwhile red of his sensuous lips a faded flannel crimson, leers fantically across the stage as though in the last stages of stage fright.

And, alas and alack for the lady of last year's stage whose appearance in stenciled hose was greeted with so much applause by the baldheaded row. Her stencils shall fade away like a free lunch before a hungry tramp, but she should worry, for, unless charcoal stencils come into fashion, the $100,000 feet will twinkle in unobscured beauty and no doubt the entrance receipts will correspondingly increase if the stern and unbending law of the land doesn't say that $100,000 limbs should not be exposed in all their pristine beauty.

I have for rent or sale a nice five-room modern house, close-in, just finished, papering and painting, everything new and clean. Will sell for small cash payment or rent to responsible party.

We don't advertise bargains in glasses We do not claim to give something for nothing

Glasses represent definite value Cheap prices mean cheap value

Service is the main feature to be considered when the eyes need attention Without competent service the best glass in the world is useless

Skill, experience and knowledge are necessary to render satisfactory service These are obtained at the expense of time, labor and money

Those who profess to give service free have little science to give Do you want your eyes—the most delicate organ of the body—taken care of by one whose service is of value, or by one who thinks so little of its value that he gives it away?

Anyone can merely fit glasses, but experience and knowledge are required to do it correctly or to tell when glasses are not required. We have both these qualities Let us prove it

One's Character

Is determined by the lines of the face, the clothes and the way they keep their places of abode Beautiful, well kept homes bespeak thrift and energy; neglected ones, carelessness, idleness and indifference.

WE HAVE NOTICED that those who were careless or indifferent about their homes or business were doubly so when it came to taking care of their dead Should you want to read character, go to the cemetery You can tell every class without a microscope. There are a few people in Wichita Falls, beautiful in character, homes beautiful, and the last resting place of their loved ones well cared for The regular visitor to the cemetery knows them

Phone 440. A G DEATHERAGE, Prop. The Home Dealer

ANNOUNCEMENT

We have decided to close out our Grocery business, in order to open in Wichita Falls an up-to-date exclusive Coffee, Tea and Spice House. As you are probably aware we have been roasting coffee in connection with our grocery business for several years and have arrived at the conclusion that the town will justify an exclusive establishment of this character.

We are not quitting the grocery business on account of lack of success, on the contrary believe we have been more than an average success in this line, but our coffee business has grown to where we feel that by giving it our entire attention we can obtain better results both for ourselves and patrons.

On September first we will close our books and on September the third we will inaugurate a cash closing out sale on every article in our stock, with the excpetion of coffee and mineral waters, at cost and less, and as we want to convert our goods into cash in the shortest possible time, will sell at prices that will move them regardless of our cost. As prices of all food stuff are advancing rapidly it will pay you to take advantage of this sale and anticipate your wants for some time.

We wish to take this opportunity to thank you for your patronage in the past and assure you of our appreciation, and trust we will have the pleasure of serving you in our new line.

Announcement of the location and opening date of the new business will be made later.

Very truly yours,

O. W. BEAN & SON
